

IPAC – Manitoba is proud to present:

Celebrating Excellence:

Presentation by Dorothy Young

Winner of the 2009 / 2010 Willard J. Condo Memorial Award

**With commentary from Gerald Farthing,
Deputy Minister, Manitoba Education, Citizenship and Youth**

Strategic planning began in the business world. Can it be applied in education?

The opening line from our guest speaker, Dorothy Young's award winning research paper, titled *Strategic Planning in Education in Manitoba*, asks us to contemplate that question.

Please join us to hear Dorothy Young as she presents highlights from her research paper including a review of the strategic planning activities of school divisions within Winnipeg and the results of interviews with superintendents reflecting their evaluations of the planning process, their annual reports to the community, reports to Manitoba Education Citizenship & Youth, and schools' plans.

There will be a formal presentation of the Willard J. Condo Memorial Award to Ms. Young at this event and acknowledgement of the runner up. The IPAC Manitoba sponsored Award, is presented to the best student paper in any aspect of public policy, public administration or management. Dr. Condo was a long-time Executive of IPAC Manitoba with an extensive history of public service in Manitoba, a commitment to improving the quality of higher education, and supported excellence in the field of public administration in the province. For more about the Award visit www.ipac.ca/Manitoba.

Gerald Farthing will provide his commentary to further discuss the topic, highlighting the value of Dorothy's research to our understanding of public administration in this field.

Dorothy Young spent a number of years in the Manitoba public school system as a teacher, administrator, and a superintendent. Now in retirement, she is pursuing a life goal to achieve her PhD in Educational Administration in the Faculty of Education at the University of Manitoba.
